

The Waterfront Committee Minutes

Meeting at 4 pm on Friday August 4, 2023

Present were Council Members Dudley Patteson and Judy Penniman with resident representation coming from resident, Ian Ormesher. Resident and Committee Member Phillip Williams was out of town and would not be able to participate remotely. Mayor Julie Harris attended and returning Committee Member Wayne Nunnally did not attend.

Council Member Patteson provided the second draft of a Vision Statement incorporating suggested Committee Members edits to the first draft. At this meeting additional valuable edits and changes were presented by Penniman, Ormesher and Harris. Patteson was asked to incorporate their comments in a third and hopefully final draft.

Patteson said he would circle back to Penniman and Ormesher with a 3rd draft which hopefully he would be able to present at the next Town Council meeting on Thursday August 10.

Those attending then turned to identify any site that may meet the Town's needs. At our next meeting a plan to make the initial contacts will be put into place.

The meeting was adjourned at 5:15.

Respectively submitted,

Dudley Patteson
