As a resident of The Lane in Irvington, I respectfully request the Board consider not approving Mr. Pollard's request for additional units to be built at Refuel on Steamboat Lane where there are already six existing units.

Irvington has always been a safe environment for all residents and visitors. With additional units being built and the town wanting to allow residents to build small units in their backyard for supposedly family or long term rentals Irvington will soon be know as and look like Shantytown. When is all this going to stop? Why do we need this? Why are we inviting problems to our lovely town. Small towns should remain small. The next proposal will be a Walmart. This has to stop.

Respectfully submitted,
Donna Reitter
