To: Charles Dyson, Clerk - Town of Irvington, Virginia

Subject: Village Improvement Association Request for Additional Use of the Town Commons.

Good morning Mr. Dyson!

As per our discussion yesterday, please consider reading this email at the Town Council meeting on Thursday, February 6 2025. I will be recovering from surgery, etc. and will not be able to attend in person. Thank you!

Good evening Town Council Members! The Village Improvement Association is requesting an additional date for use of the Town Commons. We are asking to reserve the date of Thursday, July 3 2025 for an evening concert By The United States Air Force Band. Chesapeake Bank has already confirmed that they will serve free hot dogs with condiments and the Steamboat Era Museum has confirmed that they will host the Band for catering, and building use that day. This appearance will be by the full 60 member orchestra so we will need the full day as preparations will begin early that morning. The concert will be from 6 - 8:00pm. We have already presented our certificate of liability insurance which covers the concert and VIA Staff is preparing to apply for the 1 day ABC permit as required by the Town.

We respectfully ask for this. Thank you! Charles S.[Steve] Kimmeth - President, Irvington Village Improvement Association.
