Mr. Dyson,

I'm writing to let you know that I'm interested in the Planning Commission vacancy. I live full-time in Irvington and have been a resident for over two years.

I'm a registered architect and have just recently retired after over forty years of practice. My practice area was healthcare and my project role was project management. My last firm was Stantec - <https://www.stantec.com/en> - and I practiced in Washington DC. I was a principal in this firm.

If you or others would like to meet with me I can be reached at a.jw@hotmail.com or 804 450 2871.

Thank you,

Allen Whitaker, AIA Emeritus
