Attached is some information for discussion at our meeting today:

1. Contacts from Gary Silverman who served on the Lancaster County Broadband Commission:

1. Mark Lea (Security company and works closely with Data Center in Ashland) - 804-677-7520
2. Tyler Beekhoo Working with his Father (Jeff) on Norfolk area ring and worked with Glenn Rowe (I knew his name would pop into my head eventually) and I on mapping Lancaster county 727-744-3132, tylerb@broadband-telecom.com
3. Kevin Bean (IT Director for Lancaster County Schools) 804-436-5446, kbean@lcs.k12.va.us
4. APB contact for NNK Tom Innes, tinnes@allpointsbroadband.com
5. Here is a unserved map I put together with Glenn, and Tyler on who was doing what in Lancaster County, see legend for different colors <https://lancova.maps.arcgis.com/apps/webappviewer/index.html?id=417d632a3a0a4dae86b19a46132e2489>
6. Most of the useful data has been taken down from the Lancaster Broadband web site - easy access via Lancova; however there is an article of Copper versus fiber 5 to6 years ago that may be of interest to you.
