Lancaster County Board of Supervisors  
Lancaster, Virginia

Gentlemen;

Pursuant to your request, a resolution was presented to the Town Council of Irvington at its regular meeting on Thursday, April 11th, which resolution was prepared by the Commonwealths Attorney and provided for the complete relinquishment by the Town of Irvington of its rights to tax automobiles. This resolution was fully discussed and was deferred until a special meeting of the Council on Saturday, April 13th, when it was again presented and discussed. After much deliberation, the resolution was defeated.

The reasons for the defeat of this resolution were many. The Council felt that once it relinquished its rights to tax automobiles in Irvington, it would never have the right again. Further, it is the only tax imposed upon the people of Irvington and, consequently, is one of the few sources of revenue the Town has. The opinion was further expressed that if the Board of Supervisors did feel that it could require the people of Lancaster County to purchase auto tags at \$10.00 each because of the fact that the tax would not be uniform throughout the County, the Town of Irvington, in order to make it uniform, would increase its Town automobile license to \$10.00 to correspond with the County license.

The Council of Irvington feels that this matter could have been worked out satisfactorily had all the Towns been contacted when the matter first came up, but due to the many conflicting proposals advanced to them, the Council never was quite sure exactly what the Board of Supervisors expected of them. The Town of Irvington still stands ready to work out any reasonable plan whereby automobiles in Lancaster County may be taxed uniformly, but it does not feel that at this time, it can unequivocally relinquish its automobile license tags.

The Council further feels that an additional thirty cent real estate levy for future school construction is unwise at this time, and hopes that the Board of Supervisors will not see fit to increase the real estate levy above its present rate.

The Council deems it advisable the Board be requested not to adopt a levy for the purpose of creating a school sinking fund or fund for future school construction until a definite and comprehensive plan for building as to time and place has been presented and adopted by the School Board.

Respectively submitted,

W. J. Haynie, Mayor

Apecial Meeting  
April 13, 1957

Members of the Council then suggested that the Mayor write a letter to be presented to the Board of Supervisors at their next meeting explaining the reasons for the action taken by the Members of the Council. A copy of this letter is made a part of these minutes.

It was also suggested that the Mayor offer certain recommendations regarding a tax levy which would be acceptable to the Members of the Council.

Clerk.
