Upon motion made and duly seconded the below resolution was unanimously adopted by the Town Council of Irvington, Virginia June 12, 1975.

WHEREAS, the Town of Irvington, Virginia is subject to and is enforcing the Virginia Uniform Statewide Building Code; and

WHEREAS, the Virginia Uniform Statewide Building Code requires building permits before the commencement of any construction, alterations etc; and

WHEREAS, Section 873.5 ("Floodproofing") of the Virginia Statewide Building Code requires:

"Where a structure is located in a 100-year flood plain, the lowest floor of all future construction or substantial improvement to an existing structure (the cost of which equals or exceeds 50% of the actual cash value of the construction), must be built at or above that level, except for non-residential structures which may be floodproofed to that level. In the absence of data on the 100-year flood, the local government shall require structures to be designed to resist or overcome anticipated flood conditions in riverine and coastal areas based upon historical data, soil maps, flood flow, flood elevations or other approved data sources. Listed below are the performance requirements that must be satisfied:

- (a) Either elevate structures and/or design same to assure protection from hydrostatic or hydrodynamic loadings from anticipated flood levels.
- (b) Design all structures to be safeguarded from collapse and/or flotation.
- (c) Provide for adequate protection of all heating and mechanical equipment of structures subject to flood damage.
- (d) Provide protection of electrical installations of structures subject to flood damage as called for in Article 15.
- (e) Provide adequate sewerage and water system protection of structures subject to flood damage as called for in the Plumbing Code Sections of Article 17.
- (f) All existing structures which are scheduled to undergo major improvements, repairs and/or rehabilitations shall, to the maximum extent practicable, provide floodproofing protection as described in this section.

WHEREAS, The Building Inspector must examine all plans and specifications for the proposed construction when application is made to him for a building permit;

NOW, THEREFORE, BE IT RESOLVED by the Town Council of Irvington, Virginia as follows:

That the Building Inspector in reviewing all applications for construction in flood hazard locations within The Town of Irvington, Virginia shall require that any such proposed construction must:

- (a) Provide adequate drainage in order to reduce exposure to flood hazards.
- (b) Locate public utilities and facilities on the site in such a manner as to be elevated and constructed to minimize or eliminate flood damage, such utilities and facilities including sewer, gas, electrical and water systems.

It is further resolved that The Building Inspector in reviewing all subdivision application shall make findings of fact and determine if:

- (a) All such proposed developments are consistent with the need to minimize flood damage.
- (b) Adequate drainage is provided so as to reduce exposure to flood hazards.
- (c) Adequate drainage is provided so as not to increase the exposure of flood hazards of adjacent lands.
- (d) All public utilities and facilities are located, and constructed so as to minimize or eliminate flood damage, these utilities and facilities to include sewer, gas, electrical and water systems.

Upon motion made and duly seconded the below resolution was unanimously adopted by the Town Council of Irvington, Virginia June 12, 1975.

WHEREAS, certain areas of The Town of Irvington, Va. are subject to periodic flooding from major streams and tributaries causing serious damages to residential properties within these areas; and

WHEREAS, relief is available in the form of flood insurance as authorized by the National Flood Insurance Act of 1968 as amended; and

WHEREAS, it is the intent of this Town to comply with land use and management criteria regulations as required in said act; and

WHEREAS, it is also the intent of this Town to recognize and duly evaluate flood and/or mudslide hazards in all official actions relating to land use in the flood plain and/or mudslide areas having special flood and/or mudslide hazards; and

WHEREAS, Section 15.1 - 510 of the Uniform Code of Virginia of 1950, as amended, authorizes this Town to adopt land use and control measures;

NOW, THEREFORE, BE IT RESOLVED that this Town hereby assures the Federal Insurance Administration that it takes the following legislative action:

(1) Appoints the Building Official with the responsibility, authority and means to:

(a) Delineate or assist the Administrator, at his request, in delineating the limits of the areas having special flood and/or mudslide hazards on available local maps of sufficient scale to identify the location of building sites.

(b) Provide such information as the Administrator may request concerning present uses and occupancy of the flood plain and/or mudslide area.

(c) Maintain for public inspection and furnishing upon request, with respect to each area having special flood hazards, information on elevations (in relation to mean sea level) of the lowest floors of all new or substantially improved structures; and

(d) Cooperate with Federal, State, and local agencies and private firms which undertake to study, survey, map and identify flood plain or mudslide areas, and cooperated with neighboring communities with respect to management of adjoining flood plain and/or mudslide areas in order to prevent aggravation of existing hazards.

(e) Submit on the anniversary date of the community's initial eligibility, an annual report to the Administrator on the progress made during the previous year within the community in the development and implementation of flood plain and/or mudslide area management measures.

(2) Take such other official action as may be reasonably necessary to carry out the objectives of the program.

BE IT FURTHER RESOLVED that this Town hereby appoints the Building Official with the overall responsibility, authority and means to implement all commitments made herein.
