News Release

IRVINGTON REBUTS YACHT CLUB ALLEGATIONS

~~The Irvington Town Council at its regular April meeting discussed at length the several recent news articles and letters to the editors referring to opposition by the Town Council of Waterman's Day on Carters Creek.~~

~~Since none of the quotations or alleged statements appearing in the news articles were considered by the Council to be representative of the statements or actions of the Council or any of its members, the Council passed the following resolution, which it hopes the public will take notice.~~

WHEREAS, recent local news articles have stated that "the decision to cancel --- sponsorship (of Waterman's Day on Carters Creek) this year was due to local opposition, strongly voiced by a few individuals," and

WHEREAS, statements in recent news articles have referred to complaints by Irvington Town Council members "about the thousands of boats --- which choked the creek (on Waterman's Day)," and

WHEREAS, a statewide newspaper contained a news article which stated that there had been concern expressed about an Irvington Town Councilman's statement at a U. S. Army Corp of Engineers public hearing, making reference to "overcrowding (of Carters Creek) such as that during the annual Waterman's Day Celebration," and

WHEREAS, the Town Council has financially supported Waterman's Day on Carters Creek in past years and is unaware of any Councilman's alleged complaints about Waterman's Day as have been referred to in the newspapers, and

WHEREAS, the official transcript of the Corp of Engineers public hearing referred to in news articles did not contain the direct statement attributed to a Town Councilman, nor did the transcript contain a similar statement. In

fact the transcript clearly shows that the context of the Councilman's remarks about Waterman's Day were just the opposite of the comments quoted in the news releases.

BE IT THEREFORE RESOLVED

THAT, the Town Council of Irvington deplores that any of its actions or that of its individual members relative to Waterman's Day may have been misinterpreted, and

THAT, the Town Council of Irvington reaffirms its support of Waterman's Day on Carters Creek and the welfare and objectives of the local waterman and the Virginia Waterman's Association.

TOWN OF IRVINGTON

IRVINGTON, VA. 22480

WHEREAS, on August 13, 1981 at a regular meeting of the Irvington Town Council, Mr. Harry Doggett, representing the Gloucester Cable Vision Company, made a presentation to the Council proposing the installation of their cable television service in this area, and

WHEREAS, Mr. Doggett stated that his company's plan was to offer cable television to all the residences of the towns of Kilmarnock, White Stone and Irvington and the more densely populated areas of Lancaster County near these towns, and

WHEREAS, he asked for an exclusive franchise in these areas from the respective Governing Bodies, and

WHEREAS, no exclusions from the cable television service were proposed for the Town of Irvington, in fact, during the discussion when the question of the economics of the service was raised by Council members, exclusions because of economic feasibility, were discussed by Mr. Doggett only in the context of County residences, and

WHEREAS, it appears to the Council that service to certain residences in Irvington will be denied,

BE IT THEREFORE RESOLVED,

THAT, the Town Council of Irvington considers that denial of cable television service to any residence in Irvington to be a breach of faith based upon the proposal presented to the Council which led to the granting of a franchise, and

THAT, the Town Council of Irvington strongly urges Gloucester Cable Vision to stand behind the proposed level of service to all residences within the town limits of Irvington, as proposed on August 13, 1981.

Whereas the Town Council recognizes the existence of a litter problem within the boundaries of Irvington and

Whereas the Virginia Litter Control Act of 1976 provides, through the Department of Conservation and Economic Development, Division of Litter Control, for the allocation of public funds in the form of Grants for the purpose of enhancing local litter control programs and

Whereas having reviewed and considered the Regulations and the Application covering administration and use of said funds

Be it resolved that the Town Council:

Hereby endorses and supports such a program for the Town of Irvington as is indicated in the attached Application Form LG-G-1 and

Hereby authorizes F. P. McGinnes, Mayor to plan, budget, and apply for a Grant, which if approved, will be used to fund said Program and

Hereby requests the Department of Conservation and Economic Development, Division of Litter Control, to consider and approve said Application and Program, said Program being in accord with the Regulations governing use and expenditure of said funds.

The following is a motion presented to the Irvington Town Council, of which I am a member, concerning R-2 zoning in the town of Irvington:

1. Whereas-the Irvington Town Council did go on record as being opposed to further PEOPLE POLLUTION on Carters Creek ----and
2. Whereas- The Irvington Town Council did appear in court in response to controversy created by this stand and did again state opposition to further PEOPLE POLLUTION on Carters Creek-----and
3. Whereas-R-2 zoning would permit and encourage the development of multi-unit housing (condos) in the Town of Irvington---and
4. Whereas-the existance of condos in the Town of Irvington would be the beginning of an economic strain on the budget of the town because of the potential increased services necessary to satisfy the demands of increased population, such as police protection, etc.
5. Whereas-multi-unit housing would further the very PEOPLE POLLUTION the Irvington Town Council has so strongly taken a stand against both in public and in court----and
6. Whereas-multi-unit housing in the Town of Irvington would tend to deteriate the very ascetic beauty and natural surroundings which the present citizenry so enjoys and deserves without interruption by additional numbers of families which would be encouraged to occupy the Town of Irvington if housing were available----and
7. Whereas- central sewerage treatment which is not desired by the citizenry of Irvington would again be brought up and would gain a giant inroad towards actuality if Multi-unit housing were permitted, thus causing an extreme financial burden to the existing citizens of the Town of Irvington-----and
8. Whereas- the local fire departments are not equipped to contain fires in tall buildings if multi-unit houses were built in this manner in order to use the least land area possible; thus a potential fire hazzard exists causing discomfort to the "already present" citizens of the Town of Irvington----

THEREFORE, I move that the Irvington Town Council be opposed to R-2 zoning or any other zoning which would permit the building of multi-unit housed in the Corp. limits of the Town of Irvington.

Mayor McGinnes called the meeting to order, the clerk read the minutes of the special meeting April 22, and the regular meeting, the minutes approved as read. Treasurers report approved as presented.

Mayor McGinnes asked the WhiteStone Fire Dept. what they had to bring before the council, He said the budget would be approved on seconded reading, and asked Mr Crockett to make comments. Mr Crockett said we welcome you, I am advised as what you all would like to do and we would like for you to tell us what you have to say, Mr George said we are here to ask for some money, the tanker needs repair about 10,000. Since we are your fire department, we are asking you for a donation to help us, Mr Pruitt, Captain said a pump added for fire fighting rebuild the old truck and etc. Mr Crockett proposed we set up an amount of 1,000.00 in the budget for the fire department this year 81-82. from the Revenue Share Acct. Mr Crockett made this as a motion, seconded by Mr Gunther. Motion carried.

We had a group for recreation area, Mr MacCarty spoke, the group wanted some play ground equipment, after some discussion Mayor McGinnes asked Mrs Jackson to meet with the group and pick out a piece they think would be the most popular, and bring back to the next meeting.

The county has an Ordinance for a fee of 50.00 for any car or truck on property not in a garage that is not licensed. After some discussion the Council decided to oppose the ordinance as it is written Mr Crockett made motion and second by Mr. Garrett to send the county a letter to this effect motion carried.

Mayor McGinnes had a call asking if we would be interested in cable television, it was decided to follow up on this.

Mayor McGinnes, said we have one thing that I have and that is changes in our zoning regulations and change in the land that Ray Campbell and I own on the East end of Town so at this I would like to ask Buddy to take over the meeting, The Planning Commission came to us with a plan to set up an R-2 zone. Basically, it was identical to R-1 zoning with the addition that multi-family housing, up to a maximum of four units per building. would be allowed in a planned unit development. After some discussion Mr Crockett said I have a motion to submit to council for consideration of which I am a member, concerning R-2 zoning in the Town of Irvington. motion attached. Mr Barrack seconded motion, four voted for and one against.

Mayor McGinnes had a letter from the county for litter control motion made and second to adopt an ordinance for this. attached.

WHEREAS, Carter Crabbe has applied for a conditional use permit for a private airport on the Donahue farm which is located partly within the Town of Irvington and partly in Lancaster County adjacent to the town, and

WHEREAS, the Town Council of Irvington has previously considered the construction of an airport on the Donahue farm property located within the town limits, determined that such action was contrary to the town's zoning ordinance and so informed the owner of the Donahue farm, and

WHEREAS, it is the understanding of the Irvington Town Council that the proposed airport will be used as a base for crop dusting, and

WHEREAS, the Council is opposed to construction of a private airport on property contiguous to the town under these conditions for the following reasons:

1. The operation of aircraft taking off and landing will be a gross distraction to an essentially quiet, residential community.

2. The potential for accidental spills of chemicals on residential property and waterways of Irvington is viewed as a significant hazard to the health of the citizens of Irvington, to the plant life of the community, and to the sea life in the surrounding waters, and,

WHEREAS, such construction immediately adjacent to a planning zone within the town, which precludes such land use, would be directly contrary to the spirit and intent of the Town's Zoning Ordinance,

Be it therefore resolved

That the Town Council of Irvington is strongly opposed to the operation of an airport within the vicinity of its town, and

That, the Council strongly urges the Board of Supervisors of Lancaster County not to grant a conditional use permit to Carter Crabbe, or to anyone else for this purpose.
