STEAMBOAT ERA MUSEUM

October 26, 2026

Mayor Harris, Members of Town Council, and Town Clerk,

Thank you for your support of the 2026 Irvington Crab Festival. The event was a success! We sold out of tickets, hotdogs, and nearly all of our crabs.

More than 350 people came together to raise more than $20,000 for the Steamboat Era Museum's educational mission. With this support, we are able to preserve our community's unique maritime heritage for generations to come.

We appreciate the Town letting the museum use the Commons for the event – and your support as the mallet sponsor.

As mentioned at the October Town Council meeting, the Museum Board of Directors requests permission from the Town Council to use the Town Commons on Saturday, September 18, 2026, for the 2026 Crab Festival.

We are happy to provide additional information as we move forward with the planning of the event.

With regards,

Owen S. Lanier, Executive Director
